## Bobbitt Throws A Bouquet Or Two.

CRAB ORCHARD, Aug. 16th.—An elegant wedding in high life occurred in Stanford, at the home of the Methodist minister, Ross. The ceremony was most beautifully pronounced that made one the rich Southern widow (Mrs. Anne Austin) of Mobile, and the brilliant young law student, P. F. Kennedy, the gifted and youngest son of G. C. and Mrs. Jennie Kennedy. At first the friends of the groom thought that he was to be congratulated because of the bride's great wealth, but upon a more intimate acquaintance they found that the bride alone was a priceless jewel and peerless gem. This union of two souls with but a single thought; two hearts that beat as one, was most stubbornly resisted and opposed by different ones, male and female. The enemy contested ever inch of ground, burnt every blade of grass and the last entrenchment of opposition was their grave, and in game chicken parlance, there is now more than one dead cock in the pit. The battle on our side was most gallantly fought, the victory most gloriously won. A garland of glory now encircles the noble brow of the gallant groom and a diadem of delicate myrtle garlands the bride's lovely brow. The ablest lawyer (Col. Hill) that ever shone in the foremost ranks of the Kentucky bar, was a half century accumulating a \$100,000 fortune, but P. F. Kennedy, by four months' study of law, ornamented with a few verses of choice poetry has duplicated his princely fortune in one short hour. What encouragement for the young to read under Bobbitt! Yesterday evening when the great diurnal luminary was almost ready to pillow his weary head upon the broad bosom of the West, the elegant rubber-tired buggy left the stately Kennedy mansion with the prospective bride and groom. They left as two, but returned as one, and the regal banquet was enjoyed in the Kennedy halls and is still going on with noisy revelry. I have given the student a well-earned vacation until Monday and then he will resume the serious reading of law. The writer was called upon, who quoted "Lord Ullin's Daughter," etc. He also said this case had been agitated, discussed and procrastinated till all had put on mother Hubbard's and he hoped the bride, if not wearing one now, would appear at the breakfast table with a mother Hubbard gracefully wrapping her lovely form.

The bride wore so many different silks from China and lovely Cashmere shawls from Persia that I shall not attempt to describe her apparel; and as for Faulkner, all know that he is a perfect Apollo of manly beauty and half a hundred maidens were sighing for his love. May their future days be successful, glorious and prosperous is the sincere desire and earnest prayer of a true friend. FONTAINE FOX BOBBITT.

Pessimists, who declare that the world is growing worse and that there are no honest men, are cited to a case in Barren County. In 1857 W. W. Palmore loaned Martin Skaggs, of Edmonson county, \$180. Skaggs was quite a young man and at the beginning of the Civil War enlisted. Palmore heard that Skaggs was killed and gave up his \$180 as lost. The incident had passed out of his mind till a day or two ago Skaggs appeared at the home of Palmore and said he was ready to pay that note. Palmore didn't know him nor did he recall the loan. Skaggs insisted on paying it with 10 per cent. interest, but Palmore declined to accept more than 6 and that rate of interest was finally agreed on. The note with interest for 48 years amounted to \$698 and it was paid. Skaggs' patronymic is not a very euphonious one, but it deserves to be written in letters of gold and pictures of silver. —Kentucky State Journal.

Baron Kaneko, Japan's confidential representative in the United States, made his fourth visit to Oyster Bay for a conference with President Roosevelt. While nothing was given out, it is believed that his visit had relation to the peace negotiations in progress at Portsmouth.

The Southern Mutual Investment Company, of Lexington, has combined with the North American Investment Company and the Colonial Security Investment Company, of St. Louis, and will remove to Chicago. The new concern will be known as the American Deposit Company or the American Securities Company, and will be capitalized at \$500,000.

News of the death of Will W. White in Dallas, Tex., was a great shock to the parents and host of friends of the young man here in his old home. He had been suffering from heart trouble for some time, but his condition was not deemed serious. The end came Friday, and, as stated above, was a terrible shock to the family. Funeral services were conducted in Dallas Sunday.—Central Record. Mr. White was a son of Mr. Frank J. White, who worked in this office some 15 years ago.

Last Saturday's Courier-Journal printed a fine double-column cut of our compositors, Miss Katharine Warren, showing very well she looks the typical Blue-Grass belle. All that have seen samples of her ability and speed in a printing office can attest to her fullest efficiency as a typesetter. Miss Warren has been with the Mountaineer several weeks and is popular with those in Somerset who have been fortunate enough to get acquainted with her. She comes to Somerset from Stanford and is of one of the old and well known families of Lincoln county, being a grand-daughter of Col. Silas Anderson, one of that county's wealthiest citizens. It is a secret not generally known that we are to lose her soon to a prominent young attorney here, but such is believed to be a fact.—Somerset Mountaineer.

## A Warning to Mothers.

Too much care can not be used with small children during the hot weather of the Summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by all druggists.

We only need a "Willipus Wallipus" with which to put the roads in good shape for driving, making it oval and solid, thereby preventing the metal washing off as is the case now.

PHILADELPHIA is known the world over for its staid and lazy Quaker ways, but there is one institution there that always has a move on it. The Baldwin Locomotive Works keeps 17,000 men busy furnishing the locomotives for half the world. It is turning out eight locomotives a day, though it requires eight days to complete one from the rails up. For the Pennsylvania Railroad there have just been completed and delivered 325 locomotives and 200 more for the same road are being turned out as fast as possible. Out of a second order of 150 locomotives for Japan 12 have been finished, and orders are coming in faster than they can be filled. The locomotives are the best in the world, and of the thousands made a year there are no mistakes or rejection.

FOR the benefit of the thick-headed editor of the Middlesboro News, who got mad because he did not get free board while with the press gang at Crab Orchard Springs, we will state that we were not there during the meeting, we have no "Frank" nor complimentary ticket to the good things Man-ater Willis gives his guests and own no stock in that or any other summer resort. We took issue with the editor-postmaster because he showed his temper and lack of good judgment when there was no occasion for it, and further to let him know that such insults to Lincoln county men and enterprises shall not go unchallenged as long as the INTERIOR JOURNAL remains under its present management.

THE Florida supreme court has decided the "Jim Crow" car law unconstitutional, because there is race discrimination in the statute on the question because it "abridges the privileges or immunities" of the Negro in compelling him to take and use separate cars provided for him in contravention of the 14th amendment. As the Kentucky statute is similar to the Florida enactment, a Chicago paper grows hilarious over the fact and says it will have to go. But we predict it won't go "just yet awhile."

THE commissioner of internal revenue, John W. Yerkes, has accepted an invitation to deliver 25 lectures to the students of the law department of Georgetown University at the ensuing term. By the time Mr. Yerkes gets through there will be enough republicans in the above institution of learning to materially decrease the democratic majority of good old Scott county.

A MISSOURI State Senator was tried on an indictment charging that he accepted \$1,000 as a bribe. The proof showed that it was only \$250, and he was acquitted. The inference we draw is that it is not unlawful to accept bribes amounting to less than a "cool thousand" in the State where it is necessary to "show" people.

THAT distinguished prisoner, the Hon. Caleb Powers, has engaged a stenographer to assist him with his large and growing correspondence. A very unusual thing for a person who might be dubbed a "jail bird" to do, but then Hon. Caleb is a very unusual prisoner.

THE three candidates for city clerk of New Albany, Ind., are each one legged. Taylor and Finley are not in the race, to be sure. The clip they struck in leaving Kentucky would indicate that they are quadrupeds.

LOUISVILLE is growing at a break-neck speed at last. There were 103 births to 57 deaths there last week. At this rate in a few years the Falls City will be as large as Danville people think Little Britain is.

Chairman Shonts, of the Canal Commission, proposes to arrange a system of cold-storage transportation, with refrigerating plants on the isthmus, in order that provisions of a proper character may be kept fresh for the use of the employees.

Hon. John Barrett, United States minister to Colombia, who spent years in the Orient, addressed the Trans-Mississippi Congress at Portland, Ore. He predicted that China would eventually startle the world as has Japan by her progress, and said that the yellow peril was more likely to prove a yellow blessing.

Attorney Harvey Myers, acting for Robert Jameson in his injunction proceedings against what has become known in Covington as the "Democratic Big Five," served the defendants with notice that he had changed his base of operations from Covington to Louisville. Jameson was a candidate for county clerk, and on the face of the returns was defeated by 75 votes. Jameson charged fraud.

The health officers in charge of the fight against yellow fever at New Orleans are optimistic. In justification of their confidence that the fever is now under control they point to the remarkably low death rate, and the absence of any material increase in the number of cases.

Vinson Walsh, a son of Thomas F. Walsh, of Washington, was killed and four other prominent members of the Newport Summer colony were injured in an automobile accident near Newport. The machine, which was driven by young Walsh, struck a bridge railing and plunged into a creek.

Unless Commissioner Garfield makes a respectable showing of results in the investigation into the methods of the Standard Oil Company in Kansas, it is believed in Washington that resolutions will be introduced at the next session of Congress calling on him for a thorough report of what has been done under his administration of the bureau.

### LANCASTER.

One of the most delightful features of the musicale given at Lancaster last week was the whistling numbers by Berta Jean Penny, of Stanford. Her gift is a peculiar and delightful one, her notes being clear and ringing, yet strong and sweet. Her violin playing was also well received; her presence on the stage so full of dignity and childish grace quite captivated the audience and it is the wish of the people to have her come again that all may see and hear her. Mr. East and Miss Spoonamore, who are musical prodigies, contributed largely to the success of the evening.

This is one of the most desirable farms in the Blue Grass. It is well watered by the Hanging Fork and by stock water in each field except one besides a fine never-failing cave spring. The land is in a splendid state of cultivation and produces the very best crops of corn, wheat, hemp and tobacco. The taxes on the whole farm are usually paid by the sale of the land from the sales on Hanging Fork. The residence, which with a large portion of the farm, is in the corporate limits of the town of Hustonville, is of stone and contains seven rooms, with cellar the full size of house. The walls are 18 inches thick and the whole house is in good condition. On the farm is a barn 70x60 feet with 14 box stalls, two mule sheds with water at the door, good cribs, implement houses and all the outbuildings that are found on a well ordered farm. Two good orchards on the place. The town of Hustonville has a splendid grand school, which is only about an eighth of a mile from the residence house on this farm. Mr. James P. Goode, of Hustonville, will be glad to show the farm to any one desiring to see it. This sale will be made for purposes of division among the heirs of Sallie Goode, deceased.

The sale will be made on a credit of six and twelve months, one-half of the purchase price to become due and payable at the expiration of each of the periods of time aforesaid. The purchaser will be required to give bond for the purchase money, with good security, payable to the Commissioner and bearing interest from the date of sale until paid, and having the force and effect of a judgment. A lien will also be retained on the land for the said purchase price. Purchasers must be prepared to comply with these terms immediately. GEO. B. SAUFLEY, M. C. L. C. C.

DR. A. M. CARPENTER, of Barnes Medical College, St. Louis, will address the Casey county Medical society at Liberty next Thursday.

NECK BROKEN.—William French was struck by a train in the tunnel six miles north of Livingston, and his neck was broken. A widow and 10 children survive.

SKULL CRUSHED.—Robert Graham, colored, a section hand living near Maywood, had his skull crushed Friday by a hand-car running over him and he is now in a critical condition.

THE box supper, given for the benefit of the Masons, at Pre-chersville Saturday night, was largely attended and there was some spirited bidding for the 36 boxes sold. The snug sum of \$65 was cleared. The occasion was a very enjoyable one.

FREIGHT trains 35 and 36 collided at Getsemane Sunday night. Engineer Reynolds was killed and several other trainmen were more or less injured. The fault seems to have been entirely with the train crews. One engine was badly damaged and several cars slightly wrecked.

BACK FOR TRIAL.—Deputy Sheriff Johnson, of Letcher county, started to Whitesburg yesterday with William Sheppard, who has been in jail here for safe-keeping a year or more. Sheppard was given a life sentence for murder and was granted a new trial by the court of appeals.

DROPPED DEAD.—Mrs. Chelf, the aged wife of Mr. Percy Chelf, one of the best men in Casey county, dropped dead at the Liberty fair Thursday afternoon of heart trouble. Her sudden death cast a gloom over the fair crowd and many of the visitors did not return Friday. Judge William Myers, of Hustonville, who knew Mrs. Chelf well, says she was one of the best women he ever knew. Much sympathy is felt for Mr. Chelf in the loss of his helpmeet of nearly a half century.

THE Liberty fair was a success financially and otherwise. Good crowds attended daily, while that of Thursday was a record-breaker. The rings were most all well filled and the trots, paces and running races were interesting and in some cases exciting. As usual Lincoln county horsemen carried off a good share of premiums. Those most successful were Messrs. D. S. C. C., E. P. and John Steele Carpenter, W. S. Drye, Dodd & Bohon, R. S. Scudder, S. M. Owens and G. M. Givens. Mr. Scudder won the sweepstake saddle ring, the best of the fair, with his splendid two-year-old, Bowman Owens, of this county, defeated his father and several others in the fancy turnout ring. Miss Julia Staggs drove with him. N. H. Bishop and Miss Jennie Wilcher, both of Lincoln, got the red tie in the above ring. The high driver was a free attraction that drew many to the fair. He made three daring descents.

TRY our 1904 Washing Machine for best results. George H. Farris.

WANTED.—Two No. 1 house carpenters at once. J. A. Allen, Stanford, Ky.

OLD QUILT.—Mrs. N. J. Horton has a bed quilt which was made over 90 years ago and which is still in good condition. It has been in constant use since it was completed nearly a century ago.

A MT. VERNON man advertises a railroad ticket for sale. That is almost as bad as the Arkansas brute who advertised his wife the biggest "tobacco chewer and spitter" in the country.

HAVE you a 1904 silver dollar? If so you can get a premium for it or the INTERIOR JOURNAL for a year. But few were struck and they are being gathered in by collectors. So far no 1905 silver dollars have been coined.

FRIDAY'S Courier-Journal contained a picture of Maj. E. W. Lillard and his staff taken at Paducah. Mr. Rowan Saufley, of this office, who is adjutant, is in the picture but the cut is so badly printed that even his better half barely recognized him in the group.

SOME scoundrels, who ought to be doing time in the penitentiary, have cut up a number of sets of harness during the meeting, which is in progress at Hubble. A detective has been engaged to look into the matter and our Friday's paper may announce a few arrests.

THE Frankfort Journal gives a true diagnosis as follows: "You can't insult some fellows more than by asking them for the money they owe you. But the fellow who gets mad when asked for on honest debt is a thief at heart and would be one in reality if not for the fear of being caught."

PENDLETON.—Mr. Arch P. Pendleton, familiarly known to his legion of friends as "Uncle H.," died at 2 o'clock Sunday morning after a protracted illness of a complication of troubles, aged 72. The burial occurred at 10 o'clock yesterday morning at Goshen church. At the request of Mr. Pendleton funeral services were conducted by Mr. J. C. McClary. Few, if any kinder-hearted man, ever lived in this section than the deceased, and many there are who are grieved that his familiar face will be seen no more. He was a member of the Christian church, but his poor health prevented his regular attendance in latter years. Mr. Pendleton was twice married, his first wife being a Miss Hiatt, who died a number of years ago. One child, Mr. George F. Pendleton, was the fruit of this union. Some five years ago he married the widow of Mr. James Pepples, who survives him, and she and the son have much sympathy in their loss. He was a Confederate soldier and a gallant one. Peace to his ashes!

### MATRIMONIAL.

Paris Dugger, aged 45, and Miss Mary Vaughan, sweet 16, were married at London last week.

Thomas Cloyd, of Bohon, and Miss Myrtle Yeast, of Cornishville, and John Sallee and Miss Maggie Anderson, of the west-end of the county, were married by Rev. Dr. W. F. Vaughan at the Methodist parsonage at Harrodsburg.

An announcement of much interest to the people here is the engagement of Miss Flora Lillard VanArsdall of this place, and Mr. James Burnside Anderson, of Lancaster, the wedding to take place in the early fall.—Harrodsburg Herald.

Handsome announcements have been received by friends here of the marriage in Covington of Miss Edna Letcher Baughman, of Hustonville, to Mr. Smith Adams Penny, of St. Joseph, Mo. Rev. J. W. Hagin, a warm friend of the bride, performed the ceremony at his home on Sanford Avenue and the wedding, although a very quiet one, was both elegant and pretty. The bride is a daughter of Mr. J. K. Baughman and is a charming young woman. She is a queenly beauty and is as popular as she is handsome. Mr. Penny is a well-known business man of St. Joe and is very distantly related to his bride. They have been sweethearts for a number of years, but each having kept the secret well, few knew of their intentions. After a stay of several weeks in the East, they will be at home to their friends at 610 Bon Tom Street, St. Joseph, Mo., where the good wishes of their hosts of friends will always be with them.

### CHURCH MATTERS.

Rev. John Klingman, of Sellersburg, Ind., preached at Christ's church last night.

The second annual convention of Christian churches of Bath county is in session.

A Catholic Bishop and two missionaries, brother and sister, were murdered by natives in German, East Africa.

An interesting meeting is in session at Providence church, in Rockcastle county. There have been 20-odd additions.

Large crowds are attending the meeting at the Christian church. The singing led by Prof. Leonard Daugherty is the best heard in Stanford for a long time.

Plans have been prepared for the new Methodist Church, North, at Barbourville and most of the money for the construction has been subscribed. Work will commence at once.

There were between 800 and 1,000 people present at the "Children's Day" exercises held at the school house, near Orlando. Ninety children were in the march, and of the good things to eat there was enough carried back home to feed as many more, as had eaten to their full satisfaction.—Mt. Vernon Signal.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe, and is mild and pleasant to take. Refuse substitutes. Penny's Drug Store.

**Fell Dead.**  
A man fell dead in Chicago the other  
day from heart trouble, and thousands  
die every day in the same way. But  
the cause of nine out of 10 of such cases  
of heart trouble is indigestion. The  
cure is Dr. Caldwell's (laxative)  
Syrup Pepsin. The explanation is  
that the swollen, inflamed, and engor-  
ged stomach, presses right up against  
the heart and prevents it from working;  
your heart flutters, palpitates, pains  
and you are short of breath; some lose  
it forever. Just try for these symp-  
toms, a few doses of Dr. Caldwell's  
Syrup Pepsin, and see how quickly it  
will cure you. Sold by G. L. Penny,  
Stanford, C. W. Adams, Hustonville,  
at 50c and \$1.00. Money back if it  
fails.

**The Universal Belief.**  
They say that cleanliness is next  
to godliness; forsooth  
Were it reversed the maxim would  
Be so much nearer truth:  
For who is there of all of us,  
The temperance or the wet,  
The Protestant or Catholic,  
The orthodox or not,  
Who wouldn't chose to dwell with  
one.  
Not yet escaped the wrath,  
In preference to a godly one  
Who never took a bath?  
William J. Lampton.

President Roosevelt is exerting every  
possible effort to prevent a rupture of  
the peace conference at Portsmouth  
and to induce the envoys to compromise  
their differences. He has elicited the  
cordial support of Great Britain, France  
and Germany, and tremendous pressure  
is being brought to bear on the Govern-  
ments at St. Petersburg and Tokio not  
to allow the conference to fail of the ob-  
ject. Baron de Rosen, at the President's  
request, visited Oyster Bay Saturday  
and the President presented to him a  
proposition which it is hoped may  
smooth over the differences that have  
arisen between the conferees. On the  
result of its consideration, it is believed  
the fate of the peace conference de-  
pends.

Kansas City was unanimously selected  
by the Trans-Mississippi Congress  
as the convention city for 1906.

**Cured Hay Fever and Summer  
Cold.**  
A. J. Nusbaum, Batesville, Indiana,  
writes: "Last year I suffered for  
three months with a summer cold so  
distressing that it interfered with my  
business. I had many of the symp-  
toms of hay fever, and a doctor's  
prescription did not reach my case,  
and I took several medicines which  
seemed to only aggravate my case.  
Fortunately I insisted upon having  
Foley's Honey and Tar and it quickly  
cured me. My wife has since used  
Foley's Honey and Tar with the same  
success." Penny's Drug Store.

Spain boasts probably the longest  
law suit in the world's history. It be-  
gan in 1517 and is still sub judice. The  
case, which concerns a pension, is be-  
tween the Marquis de Viana and the  
Count Torres de Caprera, and the ac-  
cumulated sum in dispute would have  
reached fabulous millions had not four  
centuries of attorneys, barristers and  
court officials taken considerable mea-  
sures of appropriation to prevent the  
sum becoming unwieldy.

**Another Good man Gone  
Wrong.**  
He neglected to take Foley's Kidney

he was soon a victim of Bright's disease.  
There is danger in delay, but if Foley's  
Kidney Cure is taken at once the  
symptoms will disappear, the kidneys  
are strengthened and you are soon  
sound and well. A. R. Bass, of Mor-  
gantown, Ind., had to get up 10 or 12  
times in the night, and had a severe  
backache and pains in the kidneys,  
and was cured by Foley's Kidney  
Cure. Penny's Drug Store.

No. 14.—150,000 acres of cotton land in Mississippi.  
There is no section of country which offers so many  
opportunities for profitable investment as the Missis-  
sippi Delta which is now fitly described as "Prosper-  
ity Valley." The timber is becoming more valuable  
all the time for the reason that lumber people  
from the North (where the supply when needed is  
diminishing) are constantly increasing their pur-  
chases of timber lands in the South. When the tim-  
ber is removed the land is unequalled for agricul-  
tural purposes. It will produce a sale of cotton to the  
acre or will grow any other kind of crop raised in  
the temperate zone. The soil needs no fertilizers and  
gives a yield which cannot be exceeded by any other  
land in the world. The man who buys Delta farm
